The Lettering Centre (London Ltd)
33 Rothschild Street
SE27 0JN

The Lettering Centre was founded in 1874 and is one of the most reputable and prestigious signage companies in the UK. It prides itself on tradition and remaining strong to its original values, while still remaining at the forefront of sign-building technology.

We carry out the vast majority of all work in-house, allowing for total commitment and dedication to perfection.

At The Lettering Centre we pride ourselves on our ability to build any sign you desire; from functional directional signs, to decorative frosted glass paneling, to individual hand crafted lettering. We also provide nationwide installation, so whether you're in Devon or Yorkshire we can be there to oversee and ensure the perfect fitting of all signage.

Whatever your needs, we can help you.
